## AutoCAD Crack+ License Code & Keygen [Mac/Win]

AutoCAD is a revolutionary freehand and block-based design program used for creating 2D and 3D mechanical drawings, and to prepare two- and three-dimensional engineering drawings for computer-aided manufacturing. With a few exceptions, the basic features and capabilities of AutoCAD remain the same across all the AutoCAD variants available. The free AutoCAD variants can be downloaded and installed with software provided by the respective vendor or purchased in the commercial AutoCAD Off-Premises License (AOL) version.
