Our team of independent artists, writers, musicians, and gamers built a game that we hope you'll fall in love with. Now we hope you'll love to play it with your friends. Yume Nikki is a stylish and haunting adventure game focused on fumigation and suicide. Amusing, disturbing and occasionally beautiful, Yume Nikki is a game in which you, a vaporized spirit, explore a dream world populated by both the living and the dead. Through the use of simple camera techniques, the world shifts and twists to follow the player, occasionally transforming the player's environment. In addition to moving the world, the player can alter the rules of the dream, allowing him or her to interact with the dream's content, such as bringing his or her spirit to life, consuming or temporarily killing other living characters, and even fumigating other spirits or causing them to jump down a well and never return! Through the use of custom solutions and even a game launcher, Yume Nikki features a range of puzzles, many of which are designed to demonstrate the wonderful depths of the dream manipulation capabilities of the game. For instance,
