Features Key:

A vast world in which you can freely roam. Many regions of the Lands Between are connected.

Unique online play that does not require a player identity. The game does not distinguish you from the player next to you, but rather links you together.

A player's role is determined by his or her play style. You can develop a strong warrior or become a mage.

Individual battles with monsters are directly linked to the online mode. When you fight monsters together, the battle data is recorded and transmitted so that you can directly connect to other players and battle others online.

PS Vita System features:

- 4 players can play online.
- Connect to a router using your PS Vita Network Connection.
- 4 players can battle at the same time.
- Share your progress with your friends through a shared memory card between two PS Vita models.
- Network Players: Up to 4 players can play on a single PS Vita system Online Players: Up to 4 players on different systems can play online and can see and battle each other's maps.

What's new:

Bilz Heavy Industries is a new fantasy action game from Falcom, that reinterprets the classic fantasy role-playing game with a new take on the universe, mechanics, and character class system. As is the case with Chrono Trigger, the mythic romance of the Lands Between (Lobo) is woven into the story. Players of the PC, PlayStation, and Microsoft Xbox game series, Valkyrie Profile, and upcoming Fate/Grand Order, can delve into the deep, rich fantasy of the Lands Between, to find out the truth about their own lives. • EPIC UNIVERSE OF FANTASY In the Lands Between, where Atlantean Gods, dragons, warlocks, sorcerers, warriors, and champions battle with swords, spears, and magic. There, Tarnished Laurels appear on trees, giant monsters roam the monsoon wind, and ancient relics and relics, have been unearthed. A land whose ancient history endlessly stirs, and which is filled with surprises. • LARGE SCALE WORLD OF FANTASY A fantastical world with a vast number of characters, quests, and stages. In addition, there are a variety of large and small dungeons and a journey that will reveal the depth of your character's power. The combination of large-scale maps and a large number of quests will immerse you in the fantasy-filled world. • FEEL THE PRESENCE OF OTHER DUDES Opening the opportunity to play with others has been made the ultimate goal. Learn about your character in depth from the other players and receive awesome rewards! • DESTINATION TO PROWL THE LAIRS In addition to the vast map of the Lands Between, there is a field map that depicts the main star system, Lobo. Laroi, the entrance to the Lands Between, is a trading city with several destinations where you can try your luck in quests and events. You can meet other Adventurers, Valkyries, and even manage the Laroi Enterprise! (The Valkyries here are the head of the Order of the Phoenix, an organization that fights evil in the same way as the Empire, and will later appear as FC-0 and A-010).

This is an optimized port for current gen systems. There will be a clear management fee for current gen devices. (Ports are in development)

From the little we know, Umi's older brother, Uma's brothers, and sisters were all killed, but not Noma. And even though he does not remember, Kuma almost immediately accepts Umi as his sister. Which is why, he started to treat her like a younger sister, and let her stay with him. Kuma is also an inn owner in the village. He's calm and easy-going, but also has a bit of a temper. He's always ready to help his allies out, and is excellent at turning the tables. The best example of this is when he used a human's talent to find and bring back the corrupted Child. "After you leave the village, can you still find a piece of Umi somewhere in your heart?"
